## PROJECTS

### JobTracka - [jobtracka.vercel.app](https://jobtracka.vercel.app)

- Developed and deployed a full-stack (MERN) web app for tracking job applications and goals.
- Utilized Redux Toolkit and Axios for state management and CRUD functionalities. Integrated React Reveal and Animate on Scroll for engaging animation.
- Ensured mobile responsiveness and optimized performance.
- Backend powered by Node & Express, MongoDB for database management. Additional tools: SASS, React-router, bcryptjs, react-query.

### YelpDamzy - [yelp-damzy.vercel.app](https://yelp-damzy.vercel.app)

- Enabled user authentication with Firebase.
- Developed a CRUD web app for viewing and uploading camp locations and reviews.
- Ensured fast and responsive mobile performance.
- Utilized React, TypeScript, Tailwind CSS, context API, and Firebase.

### TJ-Fits - [tj-fits.vercel.app](https://tj-fits.vercel.app)

- Created a comprehensive e-commerce platform enabling users to browse and purchase clothing products.
- Leveraged Sanity CMS to enhance content flexibility and streamline product information management.
- Ensured seamless mobile responsiveness for a smooth user experience.
- Leveraged Next.js, TypeScript, Tailwind CSS, Redux Toolkit, Framer motion, and Firebase to build and enhance the platform.

### The Connected Awards Site - Clone - [tutn-test.vercel.app](https://tutn-test.vercel.app)

- Successfully cloned the UI of The Connected Awards.
- Transformed Figma designs into responsive websites, ensuring optimal display across various screen sizes.
- Achieved web responsiveness through meticulous testing on different devices.
- Utilized React, CSS, Context API, and react-reveal for seamless development and animation.

## TECHNICAL SKILLS

HTML & CSS, Javascript - ES6, React, NextJS, TypeScript, TailwindCSS, Svelte.

## TOOLS AND TECHNOLOGIES

Git, Github, Figma, Node & Express, MongoDB, Redux toolkit, Firebase, Sanity.

## EXPERIENCE

**GATHPAY** – Frontend Developer (January 2023 – April 2023)

**O3 FINANCE SCHOOL** – Volunteer Frontend Developer (January 2023 – Present)

## EDUCATION

Obafemi Awolowo University, BSc. Accounting.
